PROF. W. H. WILLIAMSON WILL RETURN TO DIXON

Northern Illinois Normal School and Dixon Business College Under Control of Himself and Son

PRES. FLINT SIGNS CONTRACT

West Plains College, Under Their Management Is Sold

The Northern Illinois Normal School and Dixon Business College is now under a new management. Prof. W. H. Williamson, who has been here a week or more in conference with J. C. Flint, has arrived at a satisfactory agreement with him and a contract has been signed which places Prof. Williamson in charge of the educational features of the school. Prof. Charles Williamson his son, will be associate principal and also advertising and business manager. The contract has been signed by the parties to the agreement here and has been forwarded to West Plains, Missouri, for the signature of Prof. Chas. Williamson who will without doubt sign it.

A WELL KNOWN EDUCATOR.

While many of our citizens remember Prof. W. H. Williamson, A. M., as a successful superintendent of the Dixon public schools, and later as one of the faculty of the Northern Illinois Normal School, there are none who would not be pleased to review the record of his labors in Dixon. For many years superintendent of the public schools of Havana, this state, he came to Dixon in the summer of 1890 to assume the same position, entering upon his duties in September of that year and continuing until the fall of 1894 when he left to take the chair of Metaphysics and Classic Literature at the Northern Illinois Normal School. During the connection of Prof. Williamson with the public schools much was accomplished by him. On his arrival he recognized the needs of the Woodworth school, as it was over-crowded, and the building was considerably enlarged and new equipment added. The schools were all over-crowded at this time and the High School was located on the third floor of the red brick school between Sixth and Seventh streets. Determined to give the young ladies and gentlemen of the High School better surroundings Prof. Williamson began agitation which culminated in a mass meeting at the old court house and the matter of a new building was fully discussed by leading citizens. The result was the erection of the high school building on Fifth street the relieving of over-crowding and the consequent relief of the teachers. In the High School the apparatus and materials used in teaching physics, chemistry, etc., was put in good condition and new and up-to-date material was added. The classes of 1901, 1902, 1903 and 1904, which graduated under Prof. Williamson, have the warmest admiration for him as an instructor and as a friend who took a personal interest in the hopes and ambitions of each individual pupil.

Prof. Williamson was a popular member of the faculty of the college for seven years and when he severed his connection with that institution in the fall of 1901, his going was a matter of universal regret, the students holding his counsel in the profoundest respect. He went to West Plains, Howell county, Mo., where his son Charles was business manager of the West Plains College. Mr. Williamson assumed the presidency of the institution, the faculty consisting of seven, all graduates of well known colleges. Under the direction of father and son the institution took a great impetus and has been each year doubling its attendance. The step which has led to the return of the family to Dixon means that their interests at West Plains must be disposed of and negotiations to that effect are about completed. In an interview last evening Prof. Williamson said, "I feel very grateful for the many kind expressions from citizens in regard to my return to Dixon. My wife as well as my son Charles and family, are delighted to again take up their residence here. We will leave no effort undone to make this institution an efficient factor in the advancing prosperity of the city."

Dinner on the Fourth.

The ladies of the Universalist church will serve dinner at the church on the Fourth and also serve ice cream and cake all day.

WILL NOT CHARGE ADMISSION

At Concert To Be Given by Crippled Children Tomorrow Night.

No admission will be charged to-morrow night at the concert to be given by the crippled children at the Presbyterian church at 8 o'clock. This was decided by the committee who are in charge of the entertainment. Besides the numbers rendered by the children, there will be vocal solos by Misses Pauline Reynolds and Gladys Steel. There will also be a pipe-organ solo by Clinton Fahrney, one of A. H. Stoddard's pupils.

ENJOY TROLLEY RIDE.

This morning the crippled children enjoyed a trolley ride in one of the new trailers. This entertainment was furnished by Supt. Henry C. Higgins. The trip was made to Swissville and also to the south end of the line.

A DINNER SATURDAY.

The Universalist and the Brethren churches will join Saturday in serving a dinner for the children at Assembly Park. They will serve roast beef, potatoes, baked beans, radishes, eggs, cookies, fried cakes, tapioca pudding and bananas. This dinner will be served early as the children will return to Chicago on the 1:44 train.

Any who can furnish carriages to take the children to the train are asked to be at the park at 12:30 and to let Miss Prouty know in advance so she will know how many to depend upon in advance.

SHOULDER DISLOCATED BY FALL

Mrs. Wm. Graves Meets With Severe Accident at Court House.

This morning about 10 o'clock Mrs. Wm. Graves of Amboy sustained severe injuries by falling down the marble steps inside the court house which lead from the second floor down to the first floor. She and her husband had just been on a matter of business in the sheriff's office, and were admiring the fine fresco work on the walls and ceiling just above the stairs. Mrs. Graves had just reached the landing half way down the stairway, when the accident occurred. She, as many other people have done, not noticing the landing took a second step, this threw her off her balance and she fell the remaining length of the stairway falling with terrific force upon the hard marble steps and floor. She was at once picked up and carried to the room adjoining Superintendent Edward's office, where a couch was brought on which she was laid. Doctor Owens was called at once. It was found that Mrs. Graves' left shoulder had been dislocated by the fall, and that her left limb was badly bruised. Although in great pain she is now doing as well as could be expected.

WANT STREET FAIR.

Committee From Dement-town Called On Mayor Edwards.

This morning a committee composed of the prominent merchants of Dement-town composed of Ralph Hendrix, Henry Coffey, Alderman Pat Whalen and Fred Tillson, called upon Mayor Edwards. They asked the mayor for the permission to have a street fair which will be confined to the park in Dement-town. The fair is the same one which is now at Rochelle. Mr. Edwards said that personally he was not in favor of street fairs, but before he could take any action in the matter he would have to know more particulars about this fair which was wanted in Dement-town. Accordingly he told the committee that he would go to Rochelle this afternoon, and see what kind of an exhibition was in progress in that town. This answer was satisfactory to the committee, and Mr. Edwards went to Rochelle this afternoon.

STORM INTERFERED

Rebecca Dance Not Well Attended, But a Good Time Was Had.

The severe storm of last evening interfered considerably with the dance given in the Odd Fellows' hall by the Rebecca. Quite a number attended however, and enjoyed the evening greatly. The music was furnished by Prof. Kent's orchestra. Refreshments were served.

Last night Charles Henney, Geo. Dutcher and Robert Sterling attended the carnival at Sterling.

SUMMER FURNISHINGS.

Cool Looking and Comfortable Arrangements For Porch and House.

A large degree of comfort in warm weather depends upon the piazza space that is available for fitting up as a sitting room. When the porch opens from a living room the interior furnishings may be used in either place, with a few extra pieces added for one or the other. The most desirable rug for the floor is one that is neutral in color, without regard to its material, whether cotton, jute, cocoa matting, wood fiber or wool.

awnings or screens are necessary for shutting out too intense sunlight from the porch. They may contribute also to the decoration if selected to harmonize with the coloring of the exterior of the house. The bright, varnished yellow of the Japanese screens may be easily altered with two coats of outdoor paint to accord with the house colors.

Furniture for the porch is made in many different designs in willow, reed, rattan, wicker, raffia, matting, rustic work and hickory. Only a few of these, however, can safely be left to the uncertainties of the weather. The living room to present a comfortable appearance during the warm weather should be relieved of all window drapery except a thin lace or muslin that will screen the occupants of the room and soften the glare of light. If these curtains are arranged to slip easily across the pole or rod they may when necessary be swung entirely away from the sash.

Upholstered furniture that must be used during the warm weather should

WEEKLY CROP BULLETIN.

General Summary for the Week Ending June 27, 1904.

While showers have occurred on several days, during the week, the distribution, both in amount and extent, has not been equable. In portions of the central and southern districts, the amount has been more than sufficient, and harvesting, cultivation, and farm work, have thereby been retarded, while in most parts of the northern district, precipitation has been inadequate for the need of growing vegetation, and crops are beginning to suffer from lack of moisture. The temperature has been slightly below normal, averaging about 1 degree below the seasonal average.

The general condition of corn is quite favorable. Some fields have been laid by. The crop is growing fast and the fields are mostly clean. Oats are heading short and need rain in the northern district; in the central and southern districts the crop has improved, and while short, the outlook is promising.

Harvesting of wheat is well under way in the central and southern districts, and will be in active operation, with propitious weather, during the ensuing week. Some complaint is made on account of rust, but the heads are generally well filled, and the quality of the grain is good, but a decreased acreage is indicated.

Rye and barley are heading out and will soon be ready for harvest with promising outlook.

Timothy is heading short in the northern district, but elsewhere it is mostly showing well. The harvesting of clover has been retarded, on account of wet weather, in the southern half of the state. The harvest in the central and southern districts will afford a fair yield, but it will be short in the northern.

The outlook for blackberries, raspberries, and grapes is promising. Some apple orchards may yield a fair crop, but the general prospect for this fruit and for pears is unpromising. The fruit continues to drop at a rapid rate and many orchards are affected by blight.

Except in the northern district where rain is needed potatoes are promising. The crop is ripe and being marketed in the central and southern districts.

NORTHERN DISTRICT REPORTS.

Carroll, Shannon—Weather warm and dry, with high winds; corn growing slowly, being cultivated third time and generally clean; oats heading, but will be short; pastures getting short; strawberry crop light, caused by lack of moisture; all vegetation much in need of rain.—D. Cram.

Jo Daviess, Hanover—Weather dry; all crops needing rain, but week has been favorable for cultivation of corn; corn doing fairly; old meadows very light crop; pastures short; early potatoes promising; cherries light crop; strawberries injured by drought, apples promise good crop; rye well headed but short.—H. Wolcott.

Ogle, Byron—Drought broken by good rain night of 24th, corn looking good and growing rapidly; oats short,

but it is thought they will fill well; grass and pastures need rain; all clover winter-killed; potatoes give promise of good crop.—J. H. Hunt.

Winnebago, Winnebago—Only 34-rain since June 4th; oats very short; pastures and meadows in need of rain; local showers on 25th. Frank Osborn.

La Salle, Kewanee—Oats heading short; corn looks good but is small and needs rain; pastures good; hay will be light; potatoes looking extra good but bugs are numerous.—M. Funk.

DEAFNESS CANNOT BE CURED

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

American Author Honored.

William Dean Howells, the distinguished American author on whom Oxford University, England, has decided to confer the degree of doctor of letters, has already been similarly honored by both Harvard and Yale universities.

Mr. Howells is a native of Ohio and is sixty-seven years old. His father was a country editor, and the future author's education was largely gained in his father's and other Ohio newspaper offices in which he worked as

WILLIAM DEAN HOWELLS.

compositor, correspondent and editor. From 1861 to 1865 he was consul to Venice, where he studied the literature and language of Italy. He has at various times been editor of the New York Nation, Atlantic Monthly and the Cosmopolitan Magazine. At present he conducts the "Editor's Easy Chair" department of Harper's Magazine. Mr. Howells has been a prolific writer both of poetry and prose.

Children's Night Clothes.

Many mothers and nurses who are careful to supply the growing children with garments of sufficient size for day wear are careless as to the fit of the night clothes. This is a serious error. Considering the attitudes which children assume during sleep, it should be clear to all that anything which cramps the chest and limbs is detrimental to free breathing and growth. A tight collar band is especially harmful and, in fact, dangerous. It should be remembered also that there is greater warmth from loose than from tight clothing.

Kitchen Bowls.

Why adhere to the common yellow or, worse, brown bowl, when doing your own housework, when, for the same price you can get pretty German or Chinese ware, having the additional merit of being so well glazed they are impervious to grease, yet strong enough to stand the "beating" of various mixtures? Why not have attractive ware for the common, everyday service, and not starve your love of the aesthetic by using ugly utensils, especially when pretty ones cost no more?

Brooms.

"A broom for every place and every broom in its place" is a good motto to instill in the housemaid. By taking care not to use the broom intended for the kitchen floor on the Persian rug or Wilton carpet the natural life and beauty of the floor coverings will be preserved. Put a screw hook in the top of each broom handle and have a peg to hang it on, above which is written the name of the room or hall for which it is to be used, and insist that it be replaced after using.

Keep a String Bag.

Keep a string bag. It will be found most useful in the kitchen. It should be hung up in some special place, and all pieces of string that come tied around parcels should be put in it. String is constantly required, and it is far better to know exactly where to find a piece than to be obliged to hunt about and waste time in searching for this necessity.

GEN. MILES IS STILL IN THE CONTEST

Prohibition Convention Is Under Full Headway at Indianapolis

MILES BOOM BOOMED

General Is Evidently Not Eliminated from the Possibilities at Indianapolis.

HIS FRIENDS GET TOGETHER

Woolley Explains the General's Position and Late Letter.

Temporary Chairman Supplies a Roast for Both Old Parties and Roosevelt—Platform Committee in Trouble.

Indianapolis, Ind., June 30.—The boom for General Miles for the prohibition nominee for president was given a decided forward movement by a public meeting of delegates and visitors at the state house following the adjournment of the afternoon session of the national convention. Fifteen hundred people were present, of whom over 400 were delegates' badges. Alonzo E. Wilson, Illinois state chairman, presided. John G. Woolley, of Chicago, editor of The Voice, gave evidence as to General Miles' position. He said he had been in close communication with General Miles during the past six weeks by letters, visits and conversations.

Explains the General's Position.

"I do not know that he will accept the nomination," said Woolley, "but I believe he will. I told him I was coming to Indianapolis to assist in his nomination unless he forbade me. He did not forbid me, and if he were to allow me to come under those circumstances and then decline the nomination he is not the sensitive gentleman he should be." Conversations with General Miles were related by Woolley in which General Miles said the prohibitionists did wrong to confine themselves to one issue when there were such questions also as the civil service, the constitution following the flag, the United States having subjects, popular election of senators and the return of sovereignty to the hands of the people.

Has Another Letter from Miles.

Woolley explained the Miles' letter printed yesterday, saying that he was in receipt of two letters from General Miles, one of which was private. He said the last paragraph of the public letter, which was quoted to prove that General Miles would not accept, was as he interpreted it meant to signify that General Miles would prefer to wait for some party big enough to include in its platform other issues he thought vital, if the prohibitionists insisted upon confining themselves to one issue.

HANDLED WITHOUT GLOVES

Speakers "Jump On" the Old Parties and Their Leaders.

The decorations of the hall in which the national convention is being held consist of pictures of Abraham Lincoln and Frances Willard, and quotations from Lincoln's speeches, as features, while the hall is ablaze with red, white and blue. Homer L. Castle, of Pittsburg, was temporary chairman and in his speech he called Roosevelt the "hero of bloodless San Juan," likened the Democrats to hyenas, called Roosevelt's administration an absolute monarchy and declared that the prohibitionists were the only party that did not have to apologize for its existence.

There was abundant enthusiasm over all the speeches, and a feature of much interest was the presentation of a gavel to Chairman Castle by Charles S. Newlin, of Indiana. The wood was taken from a part of a black walnut board, two feet wide and an inch and a half thick, which served as a part of the flooring in a secret closet in the home of Levi Coffin, of Fountain City, Ind., which was known as the "union station" of the underground railroad previous to the civil war. In the spring of 1844 Eliza, of "Uncle Tom's Cabin" fame, was hidden away in this secret closet for two weeks by Coffin.

When the temporary chairman ended his speech there was loud applause. After the recess, taken when the temporary organization had been completed, the convention reassembled at 2:22 p. m. and proceeded to organize permanently. The committee on permanent organization reported A. G. Wolfenbarger, of Lincoln, Neb., for permanent chairman and W. S. Colderwood, of Minnesota, for secretary, and the convention duly approved the report. There were no contests and the credentials committee had an easy time. On taking the chair Wolfenbarger was greeted with applause. His address followed prohibition lines.

and he said he hoped the resolutions committee would make a platform "not too broad."

When he mentioned the "grand old Indian fighter" there were prolonged cheers, which were repeated when he named Oliver W. Stewart. When some one shouted "Wolfenbarger" the cheers were again repeated.

There was a debate on the two-thirds rule in the rules committee report, and it was stricken out. The convention then took recess to 8 p. m.

EVENING SESSION DOES NOTHING

Majority of Platform Committee Opposed to Miles.

The evening session did nothing except manufacture enthusiasm. Several songs were heard, one favoring Miles, which brought in a Miles demonstration.

The resolutions committee not being ready to report short addresses were made and at 9:20 p. m. the convention adjourned to 9:30 a. m. today.

The statement is made that the resolutions committee has a majority that is for a single issue platform and against Miles. The committee was in session from early in the afternoon till a late hour at night without coming to a final agreement. A subcommittee of thirteen agreed upon a platform and submitted it to the full committee, which could not agree at latest report.

The new national committee organized by electing the following officers: Chairman, Oliver W. Stewart, Chicago; vice chairman, A. G. Wolfenbarger, Lincoln, Neb.; secretary, James A. Tate, Hartman, Tenn.; treasurer, Samuel Dickie, Albion, Mich. The executive committee consists of those four and five members including Chas. Eckhart, of Auburn, Ind. Among the members of the national committee are the following: Illinois, O. W. Stewart and F. S. Regan; Indiana, F. T. McWhorter and Malcolm Smith; Michigan, Samuel Dickie and F. W. Corbett; Wisconsin, J. E. Clayton and A. Gabrielson.

Missouri Democracy for Cockrell.

Joplin, Mo., June 30.—The Democratic state convention to elect thirty delegates to the national convention at St. Louis, selected the following delegates-at-large: United States Senator W. J. Stone, Governor A. M. Dockery, and Representatives Champ Clark and D. A. Deamond. The convention was controlled by men who are not for Jos. W. Folk. The convention endorsed Senator Francis M. Cockrell for president and instructed the delegation to vote for him as long as he is before the convention.

Only One Picture in the Coliseum.

St. Louis, June 30.—It is stated at the headquarters for the national Democratic convention that the only portrait that will be hung in the convention hall will be one of Thomas Jefferson.

DENSE SMOKE IS DEADLY

Overcomes Forty-Three Firemen and Four of Them Will Probably Die—Property Loss \$200,000.

New York, June 30.—Forty-three firemen, four of whom will probably die, were overcome by smoke and gas at a fire in the subcellar of the double five-story brick building at 483 and 485 Broadway. Half a hundred employees were driven from the building and the damage inflicted by fire, water and smoke is estimated at between \$150,000 and \$200,000. The smoke from the burning material was so dense and so pungent that the firemen could work in it for but a few minutes at a time, and many of those who braved it fell prostrate where they stood.

Some who fell lay unnoticed on the floor for minutes and one man remained for nearly an hour before they were discovered and dragged to the open air. Captain Edward Levy and firemen Patrick McKeever, John Wandress and John Riley will probably die from their injuries.

JAP'S FIGHTING FRONT IS 120 MILES

Heavy Forces Are Making Things Warm in the East

STRENUOUS WORK IN THE WAR FIELD

Tokio Says Unofficially That the Japs Have Taken Three Port Arthur Forts.

LOSS SEEMS PECULIARLY LIGHT

Considering the Sort of Fighting That Had To Be Done.

St. Petersburg Has News That a Great Battle Is On, with the Russ So Far Winning the Laurels.

London, June 30.—The Tokio correspondent of The Daily Telegraph says that severe fighting took place at Kail-Chau on June 25, which resulted in the capture of that place on the morning of June 26.

The Tokio correspondent of The Morning Post says that the Japanese second army has effected a juncture with the first army, and that the whole force now has a fighting front of 120 miles.

London, June 30.—News from the seat of war is important if true. It tells of battles at Port Arthur and in the Haicheng scene of operations. The story of a battle at Port Arthur is from Tokio, and is unofficial. It says: "It is unofficially reported that the Chikwanshan, Chitanshan and Socho-shan forts, the southeastern part of the Port Arthur defenses, were captured Sunday after an all-day fight, beginning with an artillery duel. Socho-shan, it is added, was first captured and the other forts fell soon afterward. The Russians retreated west, leaving forty dead and many wounded. The Japanese force consisted of all branches of the service. The Japanese lost three officers and 100 killed or wounded, and captured two guns and a quantity of ammunition."

Russians Claim a Victory.

The report of a battle in the Haicheng region is from St. Petersburg, and tells of a victory for Russia so far as the fight has been fought. The telegram is as follows: "A report is current that a great land battle is proceeding. General Kuropatkin personally commanding the Russian forces engaged." General Kuropatkin, it is said, detached several of his brigades and sent them northward in an attempt to descend on Haicheng, but General Kaulbar has driven General Kuropatkin's rear to the sea south of Fenguangcheng with great loss on both sides. It is also reported there has been a battle at Tumenchun, in which the Russians were victorious."

Russians Hear of Togo's Success.

Another telegram from St. Petersburg indicates that the Russians have heard of Togo's success off Port Arthur a week ago. The telegram says: "It is unofficially stated that the Russian fleet put out from Port Arthur several days ago and encountered the Japanese fleet. In the ensuing engagement between the two fleets three ships were lost. No details of the engagement, however, are available here."

News Is Not Confirmed.

The foregoing reports came yesterday and last night, and as to the fighting cannot be confirmed at this writing from any source.

WAITING FOR A "GOOD READY"

Why the Japs Don't Attack—Latest News from Port Arthur.

London, June 30.—The Tokio correspondent of The Times says that the report sent out from St. Petersburg of General Oku's retirement is ridiculed in Japan, where the delay in forcing a great battle is well understood to be due to the habit of Japanese generals of not striking before the deliberate completion of all their preliminaries.

Chief of June 30, 9:30 A. M.—Fifty Europeans who left Port Arthur June 23 arrived here today from Pigeon Bay, where they embarked on a junk June 28. They say that in the naval engagement of June 23 the Russian battleship Sevastopol was slightly damaged. Fifteen days will be required to repair her. The torpedo dispatch boat Amur was badly damaged.

When the Russian fleet went out of Port Arthur the hopes of all the residents were high, and there was much disappointment when the fleet returned to anchorage without engaging the enemy.

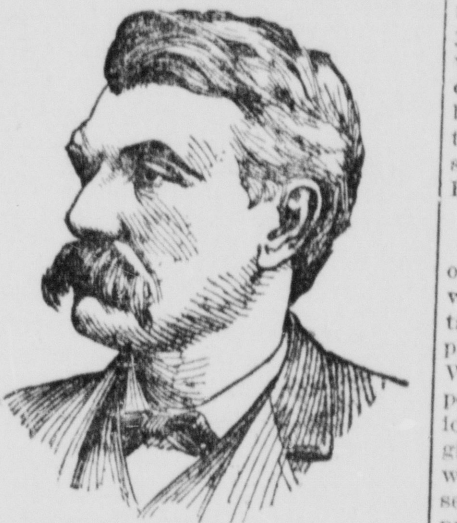

On June 23, the day on which the Europeans left, the Japanese were reported to be trying to capture Wefu

mountain, a strongly fortified position fifteen miles from Port Arthur. A Frenchman who has been in Port Arthur since the war began states that there are 50,000 fighting men there, including soldiers and sailors, 500 women and 150 non-combatants. The food supply is sufficient.

STORE HALF HOLIDAY WANTED

Number 13 Shows Up in an Accident—Sequel of a Mistaken Shot—State News Items.

Chicago, June 30.—Colored militiamen of the Eighth regiment of Chicago will not attend the St. Louis World's fair as planned, because of an apparent intention on the part of the exposition military attaché to refuse them lodging in the barracks. It had been the intention of the Chicago soldiers to go to the fair in company with the colored detachments from Bloomington, Quincy, Springfield, Danville, Metropolis and Jacksonville. Each man was to have \$14. Their visit was spoiled by this letter to Colonel Marshall:

Must Be Special Arrangements.

"Kindly inform me whether your regiment is colored. Colonel Culp, who has recently died, failed to inform me of this fact, and if this is the case, you will see how necessary it will be to make some special arrangements for your accommodations. Would you be willing to bring your own tents and cooking outfit, and occupy a site that has been provided for organizations of the size of your regiment?" This is signed by C. Sidney Haight, lieutenant eighth cavalry.

Movement for a Half Holiday.

Chicago, June 30.—A mass meeting of women's clubs was held at Northwestern University Settlement, August and Noble streets, under the auspices of the industrial committee of the Woman's Columbian club. The purpose of the meeting to make systematic arrangements with storekeepers to give their employees a half holiday each week during July and August. Representatives from stores and clubs were present.

Number 13 Was Prominent.

Chicago, June 30.—The number 13 figured prominently in a street car accident on the Jackson park branch of the Cottage Grove avenue line in front of 5516 Jefferson avenue, in which John Svensen, 33 years old, sustained injuries that necessitated his removal to the county hospital. It was the thirteenth run made by the Hyde Park patrol wagon in as many hours, and when the police arrived at the scene they noticed that the motorman's badge was numbered 13, the conductor's badge 613 and the car itself carried the number of 1,331.

Saloonists Expect to Recover.

Chicago, June 30.—Saloonkeepers of the city who were in the bar business during the years 1898, 1899 and 1900 expect to draw from \$3 to \$9 each out of Uncle Sam's strong box within the next month. Nearly 1,000 of the retail liquor dealers paid the Spanish war tax of \$3 a year which was levied by the government on the bonds which accompanied each application for a liquor license. The supreme court has declared the tax invalid.

NOW FRANTIC WITH GRIEF

Sequel to a Dreadful Mistake Made by Homer Funkhouser in Killing His Brother.

Urbana, Ill., June 29.—Almost frantic with grief from having accidentally killed his brother, Homer Funkhouser, at Rantoul, a small village north of this city, is on the verge of insanity, and friends are watching him day and night to see that he does himself no harm. Charles Funkhouser was entering the home of his brother by opening a window, when he was mistaken for a burglar and was shot to death by his elder brother.

The younger Funkhouser expected to spend the night with his brother's family, and, finding the house dark, he concluded to crawl in through the window instead of arousing the household. Charles Funkhouser was 29 years old and had won a reputation as a high school athlete. He expected to enter Illinois university next fall.

CRYING FOR HELP.

Lots Of It In Dixon But Daily Growing Less.

The kidneys cry for help. Not an organ in the whole body so delicately constructed. Not one so important to health. The kidneys are the filters of the blood. When they fail the blood becomes foul and poisons. There can be no health where there is poisoned blood. Backache is one of the first indications of kidney trouble. It is the kidneys' cry for help. Heed it.

Doan's Kidney Pills are what is wanted. Are just what overworked kidneys need.

They strengthen and invigorate the kidneys; help them to do their work never fail to cure any case of kidney disease.

Read the proof from a Dixon citizen. J. C. Clark, yard master of the C. & N. W. Ry. says: "I had backache. Learning of Doan's Kidney Pills, Mrs. Clark got me a box at Leakes' drug store. Their use quickly proved their value. It did not require all the pills contained in the box to free me from the pain in my back completely."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co. Buffalo, N. Y., sole agents for the United States.

Because we overeat of them. Indigestion follows. But there's a way to escape such consequences. A dose of a good digestant like Kodol will relieve you at once. Your stomach is simply too weak to digest what you eat. That's all digestion is. Kodol digests the food without the stomach's aid. Thus the stomach rests while the whole body is strengthened by wholesome food. Dieting is unnecessary. Kodol digests any kind of food. Strengthens and invigorates.

CONVENTION DATES

July 6--Democratic National Convention at
St. Louis.
Nov. 8--National, State, Congressional and
County Election.

It is now well settled that Col. W.
J. Bryan will make a speech at the St.
Louis Democratic Convention next
week.

It looks now as though the Ford-
ham, Brooks, Devine wing of the Dem-
ocratic party will drop again in
triumph at St. Louis.

There are some half dozen presiden-
tial candidates whose names will come
before the St. Louis Convention. This
thing called honor is a queer pos-
session.

Some impecunious young man has
started the report that ice cream con-
tains glue. His girl will probably sug-
gest that the statement won't stick.

If the Populists of the twelfth con-
gressional district of Illinois did not
want a Democrat to represent them at
the St. Louis convention next week,
why in the name of common sense did
they appoint Mr. Eckels a delegate?

Fred Smith, who took them over the
entire city. They met a large num-
ber of the prominent business men of
that place, and were given the best of
encouragement. The Morrison people
promised to do all in their power to
secure a free private right of way.

Mr. Higgins expressed himself as
being well pleased with the trip, and
decided to immediately run prelimi-
nary surveys from Rock Island Junction
to Morrison. There will be two
surveys, one running on the north
side of the Northwestern tracks and
the other running on the south side.
In all probability a preliminary sur-
vey will also be made from Sterling to
the Junction at the same time, al-
though nothing is definitely known
as yet on this subject.

John I. Beggs, president of the
company, who was in this city a short
time ago, is very anxious to have this
line built providing the farmers will
give the company the private right of
way. The work will now be rushed
as rapidly as possible in securing the
right of way, and it may be possible
that the work of grading will begin
this fall.

Lee Center Picnic.

street.

A Full Four-Year Collegiate Course

For the Northern Illinois Normal School and Dixon
Business College Under New Management.

A full four-year collegiate course
changes in some of the other courses
and the addition of a model kinder-
garten school for teachers will be new
features of the Northern Illinois Nor-
mal School and Dixon Business Col-
lege under its new management.
President J. C. Flint and Prof. W. H.
Williamson reached an agreement
Saturday night by which the latter
takes charge of the educational in-
terests of the school (with his
son, Charles, as associate. Both
have been connected with the institu-
tion in previous years and both are
well-remembered by the students and
alumni with feelings of respect and
admiration. Prof. Charles William-
son comes from the West Plains Col-
lege, whereas business manager he was
building up a school of much promi-
nence in Missouri. He was principal of
the short hand and business depart-
ments and had charge of classes in
literature, history and latin. He has
a magnetic personality and this,
combined with his administrative
ability is bound to make his work in
Dixon a success. He with his wife
and three-weeks-old son will not be
here for several weeks.

SESSIONS BEGIN AUG. 30.

The correspondence received at the
office up-to-date indicates an auspici-
ous opening next fall. The college
will begin its sessions on Tuesday,
August 30. Heretofore the summer
vacation has been shortened to two
weeks and this has not given sufficient
time to prepare for the new term.
The longer vacation which will be
taken this summer will permit
of a thorough overhauling of all
the buildings and grounds. The
month or more of vacation will be in-
dustriously employed in cleaning,
renovating, repairing, etc., and in
fitting up the college buildings in
every way necessary for the new year.

A STRONG FACULTY.

A strong, well-balanced faculty will
be employed and already several grad-
uates of eastern universities are being
considered to strengthen it in antici-
pation of new conditions which will
be brought about. Some modifica-
tions will be made in the present
courses of study, caused by business
and commercial interests and social
conditions of the country.

FOUR-YEAR COLLEGIATE COURSE.

A full four-year collegiate course
will be incorporated in the curriculum
and the institution will be brought to
a par with Beloit and others of the
best colleges of the west. The aim of
the new management will be to pro-
vide a full college course for the young
people of Dixon and vicinity at a cost
of about \$40. By this means parents
will be able to secure a college edu-
cation for their sons and daughters
without sending them to expensive
schools where the question of board-
ing and rooming greatly overshadows
the cost of tuition. This will place
families of limited means on a par
with the wealthy ones in obtaining a
college education for their children
while boarding them at home. All
courses will be re-arranged so as to
lead up to the collegiate course. The
graduates of the present classical
course will be prepared to enter the

collegiate department at once.

The teachers' course will be raised
to include plane geometry and single
and double-entry bookkeeping. A
certificate will be given at the conclu-
sion of this work. The more exten-
sive normal course for which a diploma
is granted, will also be somewhat re-
arranged in order to meet the de-
mands of the public schools of the
West.

MODEL KINDERGARTEN SCHOOL.

Besides the commercial, normal and
other work carried through the sum-
mer months a model kindergarten
school for teachers is to be one of the
prominent features added next year.
The kindergarten department will be
under the instruction of one of the
best kindergarten teachers the man-
agement can employ. The little
pupils will be taken at a nominal fee,
sufficient only to maintain the school
and the teachers will be given every
opportunity to study the methods and
practice of the instructor and their
effect upon the pliant intellects of the
little tots.

DEPARTMENTS.

Dixon Business College.
College of Stenography.
College of Law.
Conservatory of Music.
College of Telegraphy.
College of Oratory.
College of Penmanship and Pen Art.
Military Academy.

These colleges will be carried for-
ward under competent heads of in-
struction. The objects of the institu-
tion in the future as in the past
are to supply the wants of

1. The vast number of talented
young men and women who desire, at
least, a good practical education.

2. The great number of common
school teachers who, because of the
high prices charged heretofore for
board and incidentals at institutions
of learning, have not fully prepared
themselves for school work.

3. The demand everywhere for
normal-trained teachers.

4. The demand for thorough normal
and Collegiate courses.
The demand for well qualified ac-
countants, stenographers, operators,
musicians, lawyers, artists, penmen,
etc.

5. The great demand for a school
where worth and not wealth is the
standard; where all, teachers and
students, meet on a common level;
where students may live within their
means, maintain their standing in
their classes, and be esteemed as
worthy members of the school, where
students may enter at any time and
take just what studies they desire;
and where short and practical courses
are sustained as well as a normal,
scientific, and a classical course.

The three large buildings of the in-
stitution with the college grounds and
campus occupy twelve acres of land
beautifully located in the western part
of the city within a short distance of
Rock River. The surroundings are
all that could be desired and the large
influx of students which is expected
this fall will be more than pleased
with the arrangements which will be
made preparatory to the opening ses-
sion.

PRESS MAY CRITICISE COURT

Is the opinion Held by Federal
Judge Pritchard.

Asheville, N. C., June 30.—"If
judges charged with the administra-
tion of the law are not to be criticised
on account of their official conduct the
liberty of the press is abridged and the
rights of individuals imperiled," de-
clared Judge J. C. Pritchard in an
opinion in the federal court today
in the celebrated case of Josephus
Daniels. Mr. Daniels, who is editor
of the Raleigh News and Observer,
had been fined \$2,000 for contempt of
District Judge Purnell.

Judge Pritchard declared that news-
papers sometimes engage in unwarranted
criticism of courts, but in the
case under consideration the lower
court had exceeded its authority.

The court finds that Daniels is un-
lawfully restrained of his liberty and
he is ordered released. Judge Prit-
chard's opinion will be recognized as an
authority in regard to newspaper
utterances that might be construed as
contempt of court.

Joe Miller Sells Cadillac Auto.

Joe Miller has sold his Cadillac Au-
tomobile, with detachable tonneau, to
Dr. Overfield of Porreston who is now
using it in his practice. Another
machine will be shipped from the
factory to Mr. Miller to use for ex-
hibition purposes.

Sick Horse Caused Trouble.

Amboy Journal: Mr. Wm. E.
Ives and Mr. and Mrs. Chas. E. Ives
drove to Franklin Grove Tuesday.
When near the Chicago road one of
the horses was taken sick and dropped
down; the other horse became fright-
ened and in its struggles to get free,
backed the buggy into the ditch and
tangled itself in the barbed wire fence.
Mr. and Mrs. C. E. Ives succeeded in
getting out of the buggy, but Wm. E.
Ives was unable to get out on account
of the position of the buggy until the
animal had been quieted. Mr. Nich-
olson of Amboy was notified and soon
arrived with a fresh team, and they
continued their journey none the
worse for the shake-up and delay. On
their return they were accompanied
by their daughter, Mrs. Geo. Ives and
baby, who will remain for a few days.

Will Hold Annual Picnic.

The Epworth League of the Metho-
dist church will hold its annual picnic
on the Fourth of July at Page's farm.
The City of Dixon will take the pic-
nickers up the river, leaving the north
side of the river at 1:30 o'clock in the
afternoon returning in the cool of the
evening. Everyone is requested by
the committee to bring a well filled
basket. Lemonade will be furnished
free at supper time by the league.

How to Use Coke Successfully.

To use coke successfully and to get the best results from it, the
large lumps should be broken. There should be a good thickness of
coke and it should be given a fair start with kindling and a fair draft,
and by treating it in this way it will give a beautiful, clean and
efficient fire.

It is cheaper, cleaner, and more efficient than either coal or wood.
The County Lighting Company is now prepared to accept or-
ders, to be filled for the next winter's supply, at 5.70 per ton, de-
livered.

Orders given now will be accepted for next fall and winter de-
livery at this price. If the price of coal advances the price of coke
always advances with it, unless orders are given beforehand. The
price of coal generally advances in the fall and winter.

Dement-town Doings

Little Mike Allen, son of James
Allen, is quite sick.

Mrs. Bernard Gleason is home from
a month's visit in Sterling.

James Penrose is amazing his friends
with his fertility as a raconteur.

Mrs. Wm. Ferris of Sterling visited
relatives here yesterday afternoon.

Mrs. Lena Kalbfleisch has gone to
St. Louis to spend a month at the
fair.

James Ross of the Grand Detour
shops has gone to Kewanee to join his
wife on a visit.

Wm. Hutchinson of Peoria avenue
is being broken in as a motorman on
the street railway.

Mrs. Dan Reeder and son Fred have
returned to Mendota after a ten days'
visit with Mr. and Mrs. Andy Smith.

Weather permitting, a dance will be
held at Dement-town Park Friday
evening. Newman's orchestra will
play.

Through its being overlooked we
wish to announce that James Ketchen
the popular edge trimmer of the little
shoe shop, attended the band concert
Tuesday evening.

Bert Tuttle, who underwent the re-
moval of an abscess at the hospital, is
much better. The affection was a
deep-seated one as it lay behind and
pressed against his windpipe.

James Duffy is about to let the con-
tract for putting in a plate glass front
for Henry Coffey's saloon. The new
improvement will match the many
others made in this end of town
lately.

We expect to have the United
States Carnival Co. in Dement town
Park on July 5, 6, 7 and 8. Down
town business men are invited to
come up on the trolley cars and see a
live place.

Dement-town's city hall is being
fixed up in fine shape, its length being
increased by a six foot addition. It
will hereafter have three roomy cells
and a reception room. Contractor
Andes Smith is doing the work.

Yesterday afternoon Depot avenue
expected to see a little black dog run
down by a swiftly moving street car,
but the motorman dropped the safety
fender and the canine was scooped up
and dropped at one side of the track
much scared but unhurt.

EDITOR OF THE TELEGRAPH:—
I read with much interest, in a
recent issue of THE TELEGRAPH a
communication from W. W. Davis,
entitled, "Where Is the Dixon of
1863?"

In enumerating a long list of the
business men of that period, who since
have joined the Great Majority, I am
most happy to be able to correct the
list! Not in a censorian spirit I
assure you, for W. W. D. is an old and
valued friend of our family, but my
husband, Ellis I. Williams, is very
much alive, and very much in evi-
dence, for which blessing, Heaven be
praised, saith his invalid wife,
GEORGINA WITT WILLIAMS.

BAPTIST CONVENTION

The Forty-Ninth Session of Dixon
Association is Being Held
in Sterling

DISTRICT ATTENDANCE IS GOOD

Thirty-Five Dixon Members Attended
the Wednesday Session

The forty-ninth annual convention
of the Dixon District Baptist associa-
tion is in session at Sterling and
closes today. The attendance of dele-
gates has been good and many visitors
were also present. Dixon sent seven
delegates while members of the church
made up a party of thirty-five who
went down from here Wednesday to
spend the day and evening. Another
good delegation was present today.
They were very hospitably enter-
tained by the Sterling people and
bounteous dinners and suppers were
served in a lower room of the church,
the people from the surrounding
country furnishing an unlimited sup-
ply of tender spring chickens.

The meeting opened Tuesday even-
ing with a song service led by the Rev.
W. A. Billings of Dixon. The Rev. C.
G. Wright of Tampico was elected to
the position of moderator, and the
Rev. Orlo J. Price was selected as
clerk.

The annual sermon was delivered
by the Rev. O. J. Price of Freeport,
who took for his text, "As ye go
preach," Matthew 10:7. It was an
able discourse and depicted the re-
sponsibility of the laity as well as the
clergy.

The Wednesday session was well at-
tended. After a song service led by
the Rev. W. A. Billings of Dixon, the
reading of the church letters took
place, showing the number of bap-
tisms during the past year to be 102,
and a net gain in membership of 130.
The contributions for foreign missions
during the year amounted to \$408;
home missions, \$400, state missions,
\$195; Sunday school missions, \$143.
Total home expenses \$14,922.

After the reading of the church let-
ters, the new pastors who have come
into the association during the past
year were given the hand of fellow-
ship by the moderator. These new
pastors are the Rev. James A. Pierce
of this city, the Rev. J. S. Andrews
of Morrison, the Rev. W. A. Billings
of Dixon, the Rev. R. B. Marshall of
Mt. Carroll and the Rev. E. J. Eyles
of Savanna.

E. P. Brand, superintendent of mis-
sions for the state of Illinois; E. M.
Stephenson of the Divinity school of
the University of Chicago, Rev. W.
B. Morris of DeKalb, Miss Sprague of
the Woman's home mission society,
Mrs. W. E. Hopkins of the Woman's
foreign mission society, both of Chi-
cago and Dr. Meserve of Raleigh, N.
C., president of Shaw university, were
in attendance on the session.

South Dixon Musical Society.

Miss Nettie Ankney entertained the
S. D. M. S. last evening, at her home
east of town. In spite of the rain
about thirty were present. But on
account of the absence of all four
officers the meeting was not called to
order, and the program was deferred
till the next meeting.

The evening was spent with games
and other amusements. Ice cream
and cake were served by the
hostess and at a late hour the guests
departed, all having enjoyed a de-
lightful evening.

The next meeting of the society will
be held with Schuyler Goodyear Wed-
nesday evening, July 13th. This
meeting will close the work of the
year, which will be taken up again in
September, with new members, new
rules and new work.

Big Swedish Picnic at DeKalb.

The Swedish societies of DeKalb
are holding an outing today which
was planned as the largest Swedish
picnic that has ever been held in Illi-
nois. The picnic is being held in the
city at Lyon's Grove. George E. Q.
Johnson and Frithiof Malmquist of
Chicago are the speakers of the day.

Home From the Fair.

George Downing of Dixon and Otto
Glessner of Eldena arrived home last
night from St. Louis and a four-days
stay at the fair. Rain during the
period prevented their full enjoyment
of the exposition.

Shaw Postoffice Discontinued.

The Shaw postoffice will be closed
July 1. The Department has ordered
all books, records, stamps, etc per-
taining to the office, to be turned over
to the postmaster at Amboy.

—E. H. Forman of Milwaukee is in
Dixon today.

—George H. Merrill of Aurora was a
Dixon visitor yesterday.

A. H. SWART DEAD.

Former Proprietor of Dixon Star Pas-
sed Away in Washington.

A. H. Swart, a former resident of
Dixon and ex-editor and proprietor of
the Star, died last Sunday at his home
in Washington from the effects of a
street car accident in which he was
injured June 5th in New York city.

Mr. Swart was 66 years old and had
been a resident of Washington since
he left Dixon in 1898. Before coming
to Dixon he owned and edited a Re-
publican paper in Tecumseh, Neb.,
and since his residence in Washing-
ton has been chief bookkeeper in the
division of accounts of the war de-
partment.

He leaves many friends in Dixon
who will be saddened by the news of
his death. He is survived by his wife,
Mrs. Catherine H. Swart and two sis-
ters, Mrs. Mary J. DeLong and Miss
R. C. Swart, the latter two residing at
Oshkosh, Wis. The funeral services
were held at the late residence in
Washington, Tuesday afternoon at 5
o'clock, at which Rev. H. M. Couden
of the Universalist church of which
the deceased was a member, officiated.
The remains were accompanied by the
family to Prompton, Pa., where the
interment occurred.

FERRIS WHEEL ADDED.

Henry Morey Will Have Charge of
Greased Pig and Pole July 4.

The Fourth of July committee has
added a Ferris Wheel to the attrac-
tions for Dixon's big Independence
Day celebration. It is seventy five
feet in height and will be a source of
much pleasure to the young folk—and
old ones, too.

The committee has purchased the
parker which will become the greased
pig Monday, from Sam Patterson. It
weighs one hundred thirty pounds
and has been placed in charge of
Henry Morey who will oversee this
event and also the greased pole.

John H. Nelson came down from
DeKalb today and states that a spe-
cial train is coming from DeKalb and
Sycamore on Monday morning and
that at least five hundred people will
be here from those cities.

CLERKS WILL PICNIC

Will Have a Spread at the Assembly
on Friday Evening.

The members of the Retail Clerks'
association have arranged to hold a
picnic at the Assembly grounds to-
morrow evening. The time of the
spread is fixed at 7 o'clock and each
clerk is expected to take a plate, cup,
fork and spoon. Should the state of
the weather be such that the picnic
cannot be held out of doors, the
clerks will adjourn to the Maccabee
hall, the banquet being served in the
banquet hall.

INJURED BY FALL IN HAMMOCK

Henry C. Higgins Is Unable to Walk
On Account of Accident.

afternoon in a hammock at
his home on Galena street
Henry C. Higgins was severely
injured by the hammock falling. Mr.
Higgins struck on his spine with great
force. When picked up he was un-
able to walk. Dr. Brown was called
at once. Mr. Higgins will probably
be confined to his home for several
days.

LAIDLEY EFFECTS ARE SOLD.

Office Fixtures of the Bankrupt Com-
pany Bring \$889.

"Right this way, gentlemen,"
shouted Federal Court Auctioneer
Samuel L. Winternitz at the door of
the extensive offices of W. H. Laidley
& Co., alleged bankrupt commission
firm on the main floor of the Woman's
Temple building yesterday afternoon.
"Everything will be sold at auction by
order of the United States court.
The trade secrets that made William
H. Laidley rich will go with the office
fixtures."

Two hundred persons, including
prominent La Salle street brokers and
friends of the alleged bankrupt, fol-
lowed the auctioneer into the build-
ing and the auction was on.

All of the office furniture was dis-
posed of to the highest bidder, and
then Auctioneer Winternitz turned
his attention to a stack of copies of
John Hill, Jr.'s, book "Gold Bricks of
Speculation."

"W. H. Laidley followed John Hill's
advice and went up the ladder of suc-
cess a-lying," cried the auctioneer.
"They are worth their weight in
gold. Now what am I bid per copy
for them?"

There was some rivalry among the
brokers to buy the first copy, the
offers increasing cent by cent. Finally
the entire lot of books was sold for 17
cents each.

The sale realized \$889. Receiver
Edwin C. Day has been authorized by
Judge Kohlsaat to sell all of the fix-
tures in the branch offices of the Laid-
ley company.

...THE CELEBRATED...

It Cures Colds, Coughs, Sore Throat, Croup, Influenza, Whooping Cough, Bronchitis and Asthma. A certain cure for Consumption in early stages. A sure relief in advanced stages. Use at once. You will see the excellent effect after taking the first dose. Sold by dealers everywhere. Large bottles 25 cents and 50 cents.

LRTING EVIDENCE.

Fresh testimony in great quantity is constantly coming in declaring Dr. King's New Discovery for Consumption Coughs and Colds to be unrivaled. A recent expression from T. J. McFarland, Bentonville, Va., serves as an example. He writes: "I had Bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, Consumption, Pneumonia and Grip. Guaranteed by Rowland Bros. Druggists. Trial bottle free; regular sizes 50c. and \$1.00.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Nowson, Decatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved as once and now I'm completely recovered. For Liver, Kidney, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by Rowland Bros., Druggists.

DRIVEN TO DESPERATION.

Living at an out of the way places remote from civilization, a family if often driven to desperation in case of accident, resulting in Burns, Cuts, Wounds, Ulcers, etc. Lay in a supply of Bucklen's Arnica Salve. It's the best on earth. 25c at Rowland Bros' Drug Store.

THAT THROBBING HEADACHE

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and build up your health. Only 25 cents, money back if not cured. Sold by Rowland Bros., Druggists.

AN ALARM CLOCK FOR 25c.

If you want to get up early and feel good all day take a Little Early Riser or two a bed time. These famous little pills relax the nerves, give quiet rest and refreshing sleep, with a gentle movement of the bowels about break fast time. W. H. Rowel, Houston, Tex., says "Early Risers are the best pill made for constipation, sick headache, biliousness, etc." Sold by Rowland Bros.

Bee's LAXATIVE Honey and Tar is different from all other cough syrups. It contains antiseptic properties to destroy the germs, solvent properties to cut the phlegm, and laxative properties to cleanse the system. Bee's LAXATIVE Honey and Tar is a pleasant, permanent cure for all coughs, colds, lung and bronchial affections. Sold by Rowland Bros' Drug Store.

A STRONG HEART

Is assured by perfect digestion. Indigestion swells the stomach and puffs it up against the heart. This causes shortness of breath, palpitation of the heart and general weakness. Kodol Dyspepsia Cures indigestion, relieves the stomach, takes the strain off the heart and restores it to a full performance of its function naturally. Kodol increases the strength by enabling the stomach and digestive organs to digest. Taste and appropriate to the blood. Gives all of the food nutriment. Gives the stomach and digestive organs. Sold by Rowland Bros.

Pine-salve acts like a poultice. There is no sore, boil or abrasion of the skin that Pine-salve will not cure. Pine-salve draws the fire of a burn instantly and heals without leaving a scar. Sold by Rowland Bros' Drug Store.

WAS WASTING AWAY.

The following letter from Robert R. Watie, of Salem, Mo., is instructive. "I have been troubled with kidney disease for the last five years. I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well." Rowland Bros.

A Russo-Japanese Atlas has been issued by the Chicago & North-Western R'y. Three fine colored maps, each 14x20, bound in convenient form for reference. The Eastern situation shown in detail, with tables showing relative military and naval strength and financial resources of Russia and Japan.

On the first indication of kidney trouble, stop it by taking Foley's Kidney Cure. Rowland Bros.

FOR A HUNDRED YEARS
For a hundred years or more Witch Hazel has been recognized as a superior remedy, but it remained for E. C. DeWitt & Co. of Chicago, to discover how to combine the virtues of Witch Hazel with other antiseptics in the form of a salve. DeWitt's Witch Hazel Salve is the best salve in the world for sores, cuts, burns, bruises and piles. The high standing of this salve has given rise to counterfeits, and the public is advised to look for the name "DeWitt" on the package, and accept no other. Sold by Rowland Bros.

TEN YEARS IN BED.
R. A. Gray, J. P., Oakville, Ind., writes, "For ten years I was confined to my bed with disease of my kidneys. It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." Rowland Bros.

ROWLAND BROS.
ask the readers of this paper to test the value of Kodol Dyspepsia Cure. Those persons who have used it and who have been cured by it, do not hesitate to recommend it to their friends. Kodol digests what you eat, cures indigestion, dyspepsia and all stomach troubles. Increases the strength by enabling the stomach and digestive organs to contribute to the blood all of the nutriment contained in the food. Kodol Dyspepsia Cure is pleasant and palatable. Rowland Bros.

During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. Rowland Bros.

MARRIAGE MUSINGS.

The honeymoon sometimes reaches its last quarter.

Marriage is woman's sphere and man's hemisphere.

To the altar may be only fifty feet. From it may be fifty years.

Some husbands are known by the legs they are allowed to keep.

Love lights life's pathway, but for practical purposes the gas stove has advantages.

It does not add to the joys of the wedding trip to recall that there are no Pullmans on the suburban schedules.

The word "obey" sounds well in the ceremony. There is always plenty of time afterward for laughing at the joke.

Relatives sit in the front pews at the ceremony, on the front porch in summer and in judgment on the bride and groom throughout the year.--Philadelphia Post.

Japanese Jugglers.

The most graceful and at the same time the most undoubtedly genuine performances seem to be those of the Japanese jugglers. Their paraphernalia is of the slightest, consisting chiefly of a top and some paper butterflies. An eyewitness thus describes them: "He took an ordinary boy's top and spun it in the air, then threw the end of the string back toward it with such accuracy that it was caught up and wound itself all ready for the second cast. By the time it had done this it had reached his hand and was ready for another spin." The paper butterflies he made by help of a fan to alight wherever he wished. The spectator requested that one might be made to settle on each ear of the juggler. "Gentle undulations of the fan waved them slowly to the required point and there left them comfortably settled."--London News.

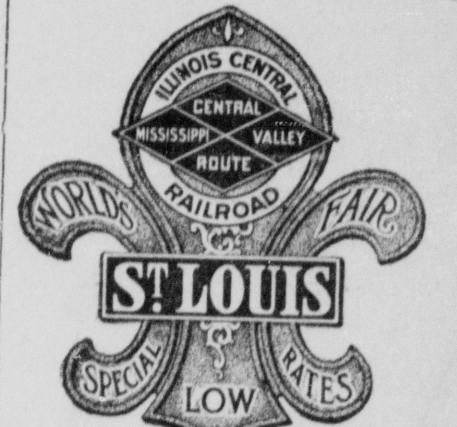

Icon Subjects.

Icons may represent anything from the figure of a saint to a historical scene, such as a martyrdom. Often they take the form of a diptych or a triptych or a polyptych crowded with angular or diminutive figures of saints or miniature scenes from the life of the Virgin or some other Biblical personage. From the number of scenes contained in these objects the peasants came to call them "churches," for there were not more pictorial representations within the church itself. Such icons may be of brass or of carved boxwood, being sometimes ornamented with enamel.

Bulldog Was Attached.

Sheriff Wohake has attached a bulldog and now has to see that it is fed. When he closed up John Devlin's saloon Monday the latter had a bulldog locked up in a shed at the rear and the provisions of the law require that the bulldog be under the care of the sheriff the same as the rest of the property until affairs are settled up.

R. S. Dean of La Moille, who has purchased the Ashton Gazette, takes charge of the office Friday. He is a newspaper man of experience and we wish him success in his new field. We are sorry to lose Mr. Bancroft from the newspaper fraternity of the county and wish him prosperity in whatever location he selects.
